PREFACE.

THE *Nineteenth Edition* of "Hill's Arrangement" brings down to and includes the appointments of the Conference of the year 1900. Great care has been taken in the preparation of the Lists, and it is hoped the result will give satisfaction.

The Edition includes for the first time a Chronological List of the Ministers, arranged according to the years in which they entered the Ministry, and also shows whether they are still in the active work or have become Supernumeraries. This list will no doubt be of considerable interest.

The Secretary of the Conference made an important suggestion with regard to the Foreign Missionary appointments. In the interests of the work abroad Missionaries are frequently changed from one Station to another, so that a series of appointments for only one or two years in succession does not mean the same as in the Home Circuits. Correspondence with a considerable number of Ministers who have been on the Mission Field showed a remarkable unanimity of opinion in favour of the suggested change. There was, however, a general desire that the names of the Countries and of the Districts in which the Missionaries had laboured should be given. In the present Edition this has been done. The number of years spent in any part of the Mission Field is stated, and also the name

of the District or Districts, but the names of the Stations have been omitted.

The List of Ministers and Preachers on Trial who have died in the work has been brought up to date. This Roll of the Dead includes 3,231 names, of which 218 are entered for the first time.

Special care has been taken to guard against inaccuracy or omission; but in a work where there are so many figures and so much detail it is hardly possible to secure absolute accuracy. If any omission or error has occurred, the Editor will be glad to be informed, so that it may be corrected in the next Edition.

THE EDITOR.
